### *Welcome to the First U.S. National Bonsai Exhibition!*

Over 345 bonsai representing 144 exhibitors were submitted for the selection process. Each of the 194 accepted bonsai on exhibit has been pre-judged and presented in 138 displays. The exhibited bonsai represent 90 exhibitors and 194 individual bonsai from 27 states. There are 14 shohin bonsai compositions displaying 70 individual bonsai specimens.

We are fortunate to present two "Special Exhibits" from the Golden State Bonsai Federation Bonsai Garden at Lake Merritt, California and The Montreal Botanical Garden Bonsai & Penjing Collection in Montreal, Canada. Significant and costly effort was made by many people to safely transport all the bonsai from long distances such as California, Oregon, Washington, Colorado, Wisconsin, Texas, Louisiana, Florida, Puerto Rico and Canada.

Complete detailed information on the history, container and provenance of each bonsai will be provided in the forthcoming *Commemorative Exhibition Album*. Ordering information is provided on the last page. We hope you will enjoy viewing some of the finest bonsai in the United States. *Thank you for attending this historic event.*
